

GO BOLDER WITH BULLNOSE

- Big things are coming in a small profile! Trim-Tex has added a fourth member to our Bullnose family of corner beads – $\frac{3}{16}$ " Small Bullnose is the smallest-radius bullnose in the industry.
- The soft, rounded edges of vinyl bullnose corner beads add traditional/Southwestern effects to any interior, without sacrificing durability
- With four sizes of bullnose beads, from the new $\frac{3}{16}$ " radius to the Jumbo $1\frac{1}{2}$ " radius, there's a style to suit any sensibility
